Month	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31
January	UT I / II															PT I / II		MT I / II		TOFD											
	ET I / II										AUT Immersion testing					RT I / II															
																UT II B															
February	UT I / II															MT I / II		PT I / II		TOFD											
	ET I / II										RT I / II																				
																RTFI. Call to confirm in advance															
March	UT I / II															MT I / II		PT I / II		TOFD		TOFD									
	ET I / II										RT I / II																				
																UT TKY Tentative date only. Call to confirm in advance															
April	UT I / II															MT I / II		PT I / II		TOFD											
	ET I / II										RTFI. Call to confirm in advance																				
May	UT I / II															MT I / II		PT I / II		TOFD		TOFD									
	ET I / II										RT I / II																				
																UT II A Test for Corrosion															
June	UT I / II															MT I / II		PT I / II		TOFD		TOFD									
	ET I / II										RT I / II																				
																UT II B Weld Testing															
July	UT I / II															PT I / II		MT I / II		TOFD											
	ET I / II										RT I / II																				
																UT TKY Tentative date only. Call to confirm in advance															
August	UT I / II															MT I / II		PT I / II		TOFD		TOFD									
	ET I / II										RT I / II																				
																UT II B Weld Testing															
September	UT I / II															MT I / II		PT I / II													
	ET I / II										RT I / II																				
																UT II A Test for Corrosion															
October	UT I / II															RT I / II															
	ET I / II										MT I / II		PT I / II		TOFD																
November	UT I / II															MT I / II		PT I / II		UT II B Weld Testing											
	ET I / II										RT I / II																				
																RTFI. Call to confirm in advance															
December	UT I / II															MT I / II		PT I / II		TOFD											
	ET I / II										TOFD
